UPSTATE MEDICAL FACILITY NOW AT TOWNSHIP 5

CBD Construction has partnered with The Cameron Group to construct its most recent Medical facility at Township 5. This 25,628 square foot single-story building provides multiple services including family medicine, cardiology, pain medicine, neuro-services, orthopedics, urology, ENT, behavioral health, radiology with MRI and CT, physical therapy, and onsite lab.

This single-story steel structure includes architectural features such as a shared centralized waiting, a modern exterior skin treatment incorporating an Alucobond panel system, and three sides of ribbon glass providing natural light throughout.

HAYLOR, FREYER & COON MOVE INTO DOWNTOWN SYRACUSE

CBD Construction completed a multi-floor 40,000 SF office renovation in One Park Place in downtown Syracuse. HF&C is an independently owned insurance Agency providing insurance and risk management solutions since 1928. HF&C relocated as a strategic decision to move downtown for increased visibility in the marketplace and a more centralized, vibrant location. The modern architectural design and construction of the space complement its vision.

The project included architectural and design features of an open floor plan with exposed ceilings complemented by stimulating cloud features and linear light fixtures. Offices, conference rooms and public areas are accompanied with glass fronts and switch glass features.

ST. JOSEPH'S HOSPITAL MOVES INTO FORMER BON TON

St. Joseph's Health transformed the former Bon-Ton store in Camillus into a modern medical office facility offering primary care, cardiology and other patient services. The location met the Hospital's goal of providing convenience, visibility, and easy access and abundant free parking.

HEMATOLOGY/ONCOLOGY

CBD Brokerage negotiated a long term renewal for Hematology-Oncology Associates of CNY. Its mission of providing the highest level of quality care in a healing environment continues with planned upgrades and modernization to its 5008 Brittonfield Parkway facility.

AXA TOWERS

CBD-Managed AXA Towers, Syracuse's largest office complex 100-120 Madison Street, is pleased to announce substantial completion of a full-scale elevator modernization project. The \$5M investment includes a complete mechanical replacement and cab renovation to all 19 elevators. Schindler Elevator's PORT Dispatch technology provides for enhanced dispatching of cabs moving passengers more quickly through the Towers while experiencing minimal wait times.

The next project planned for 2020 at the Towers is the build-out of a new fitness center. The fitness center will include free weights, cardio equipment, locker/shower facilities and a group exercise room.
